

Subject: Thank you for participating in the Big Sugar Summit!

Thank you so very much for being a part of the Big Sugar Summit. We believe it was the start of something bigger and better to come; a new approach to the battle with Big Sugar.

Right now we have a couple of ways to stay connected to the discussion: blog posts, a web page, Facebook and of course by email. Soon we will send every Summit registrant/attendee an invitation to join a post-Summit discussion LISTSERVE.

The web page on the Sierra Club FL website will be updated as more photos, presentations and videos become available:
